Case Studies for Higher Education

Meet some of our customers and read about their language learning programmes.

Canterbury Christ Church University
Canterbury Christ Church University (CCCU) is recognised nationally as a centre of excellence for teacher education and development and helps to shape education practice through its research and teaching. The university includes language teaching in its programme and needed a flexible online solution to complement Initial Teacher Training (ITT) and professional development of post-graduate teachers.

University of Barcelona
The University of Barcelona is one of the most forward-thinking higher education institutions in Europe. UB wanted to allow all students access to language learning given the importance of these skills in today’s globalised world. Rosetta Stone was implemented in alignment with UB’s virtual campus initiatives.

Dual University Stuttgart
With a unique approach to learning, Dual University Stuttgart enables and encourages students to learn world languages to increase their employability. Rosetta Stone has empowered students to learn languages outside the classroom to increase proficiency levels or add new languages to their curriculum.

University of Central Lancashire (UClan)
The Coddling of the American Mind

In the name of emotional well-being, college students are increasingly demanding protection from scores and classes they don’t like, and outing punishments of those who are even accidental offenders. Here’s why that’s disastrous for education—and why to worry about mental health on campus.

By Greg Lukianoff and Jonathan Haidt
We Get IT Going
Get ahead of the competition faster. Way faster.

HOW IT WORKS
Revature is at the forefront of innovation and talent development. We provide training to college students and recent college graduates in enterprise-level, emerging and niches technologies through engaging online programs and our world-class 100% 4-week immersion, industry-aligned coding bootcamp.

Revature Pro Online
Revature’s online programs are available to all college students and recent college graduates. In Revature Pro online, you can choose from 22 engaging, fully online, self-paced programs supporting all levels from beginner to advanced. All of our online programs are completely free, without commitment, and you receive support from a dedicated mentor.

1. Stand Out, Get Hired

Connect • Interact with employers through projects and challenges. Explore in-demand careers and companies.

2. Get Experiences

Discover • Get immersive experiences from industry professionals. Get hired.

3. Get Hired
A World Without Work

For centuries, experts have predicted that machines would make workers obsolete. That moment may finally be arriving. Should that be a good thing?
