David J. Staley to Speak

I extend warm greetings to all Buckeye Alumni in Hardin County. This is the 36 edition of the Buckeye Beat. I want to thank you again for the opportunity to serve as Club President for 2016-17 which is eighteen years.

Our Annual Banquet is just around the corner on June 1, 2017. Our Board has selected an exciting speaker David J. Staley, PhD, this year. David is Associate Professor of History. We are looking forward in hearing from David at St. Johns Church on June 1, 2017. The event starts at 6:00 with meet and greet.

David conducts research in digital history and teaches classes on historical methods and on the history of The Ohio State University. He also serves as Director of the Harvey Goldberg Center for Excellence in Teaching. Currently, he is working on a "speculative design of the future of higher education."

We are looking forward to also hearing from our scholarship winners from last year and past years. Meet and greet will occur from 6-6:30.

We will begin at 6:30 with a light business agenda of the Club and hear from scholarship winners. The remainder of Club business and featured speaker will begin at 8:00 following dinner. If you have any item you might like to donate to the raffle/silent auction please let me know. All monies go towards our scholarships.

Please make sure I have your current email address as well as a home address. Questions please contact me by email or by phone. Reservation deadline is June 1, 2016. Please mail reservation to my home address **and complete the form.**
