

# Ways for Alumni to Engage

Thank you for your interest in giving back to the College of Public Health! There are many ways that you can engage with the College and your program, whether you want to come back to campus or volunteer virtually. We have volunteer opportunities that take an hour and opportunities to engage over a long period of time. To enter our volunteer network, fill out our [volunteer interest form](#). While we don't always have opportunities, bandwidth, or current need in all of these areas to put your interests and expertise right to work, having your information will allow us to reach out when opportunities become available. If you have any questions or want to learn more, reach out to Lizzy Ehren (ehren.6@osu.edu), Engagement and Alumni Relations Specialist.
