Do join us for this month's feature *River of the Gods* by Candice Millard. Richard Burton and John Hanning Speke ("derring-do", egotistical explorers) with intrepid guide Sidi Mubarak Bombay, were sent by the Royal Geographical Society in 1856 to find the source of the Nile River and to explore opportunities for African colonization. Their incredible, death-defying misadventures, and their ultimate betrayal of each other, made for a highly publicized scandal then a riveting tale for us today.
